Local Dealer:

The **Cut-True 115M Manual Paper Cutter** combines accuracy with safety and user-friendly features. Using its **hardened-steel Guillotine blade** and **lever-activated blade arm**, it has the strength to cut through paper stacks up to 2.15” high and 16.9” wide. The **LED Laser Line** shows operators exactly where the blade will cut, and the **spindle-guided back gauge** and calibrated scales allow for precise adjustments. Safety is also a top priority with **front and rear plexi covers, blade lock, external blade depth adjustment, blade change safety tool**, and a **wooden paper push for safe alignment**. These features are all housed in a rugged all-metal stand with feet for tabletop use.

**Rugged All-Metal Stand**

Also includes table top feet so you can cut anywhere

**Geared Clamping System**

Large clamping wheel easily keeps paper in place for accurate cutting

**LED Laser Cutting Line**

Shows exactly where the blade will cut, allowing for precise adjustments

**Safety Cover & Back Gauge Crank**

Plexi cover for safety and spindle guided back gauge for accuracy

**High-Quality Hardened Steel Blade**

Cleanly cuts paper stacks up to 2.15” high and up to 16.9” wide

**Tool Kit Included**

Wooden paper push and blade change tools for safe adjustments
